**Subject: Use of Crowborough Training Camp for asylum accommodation**

Dear Nus

Thank you for your letter regarding the use of Crowborough Training Camp as accommodation for asylum seekers.

In light of the Government's renewed focus on large sites to accommodate asylum seekers, I have written to the relevant local authorities and accommodation providers to request further information about the use of new large sites in East Sussex and Inverness as asylum accommodation.

Once the Committee has received responses to these letters, we will decide what further scrutiny to undertake on this issue.

Yours sincerely

**Rt Hon Dame Karen Bradley MP  
Chair of the Home Affairs Committee**
